2024 QUARTER 3 UPDATE

ANOTHER QUARTER, ANOTHER STEP FORWARD

As we wrap up the third quarter of 2024, EKOSHA is excited to share the progress we've made in our mission to provide accessible and affordable healthcare to Lagosians. Building on the momentum from the first half of the year, we've continued to make significant strides in expanding our reach and improving our services. Let's take a look at what we've accomplished.

EKOSHA'S COMMUNITY OUTREACH: Q3 HIGHLIGHTS

In the third quarter of 2024, EKOSHA's community outreach programs continued to make a positive impact on the lives of Lagosians. Our dedicated team, supported by the State and Federal Governments, worked tirelessly to bridge the healthcare gap and promote a healthier Lagos. Let's take a closer look at some of our key achievements.

In this quarter, EKOSHA made a big push to help more vulnerable Lagosians, especially our retired heroes: the pensioners. Over 13,000 pensioners have been onboarded so far. We also teamed up with the Ministry of Health and the six health districts to reach and enroll over 57,000 new and returning members. This is a major win for EKOSHA and a testament to our commitment to providing accessible healthcare to all Lagosians.

EKOSHA FREE MATERNAL CARE PROGRAM CONTINUES TO THRIVE

LAGOS STATE REMAINS COMMITTED TO MATERNAL HEALTH

In Q3 2024, Lagos State continued its groundbreaking initiative of providing free antenatal care and childbirth services to expectant mothers. This program, funded by the Equity Fund, has significantly benefited over 18,000 women since its launch in 2023.

Recognizing the economic challenges faced by many Lagosians, our Laudable Governor, Babajide Olusola Sanwo-Olu's decision to offer free maternal care has been a lifeline for countless families. By eliminating out-of-pocket expenses, this initiative has provided much-needed peace of mind for expectant mothers.

The Lagos State Health Management Agency (LASHMA) has been instrumental in ensuring the program's success. Through efficient payment processing and coordination, LASHMA has guaranteed access to free maternal care for all eligible women throughout the lifespan of the palliative initiative.

This initiative is a significant step toward achieving universal health coverage in Lagos State. By providing free antenatal care and childbirth services, the government is demonstrating its commitment to the well-being of its residents and ensuring that every mother has access to quality healthcare.

Lagos State's free maternal care program continues to make a positive impact on the lives of expectant mothers. As we move forward, we remain dedicated to expanding access to these essential services and ensuring that every child is born into a healthy and supportive environment.

EKOSHA'S PROGRESS IN REGISTERING VULNERABLE RESIDENTS FOR BHCPF

Q3 2024 UPDATE

EKOSHA's dedication to providing healthcare access to vulnerable Lagosians remains strong. Building on our success in registering over 9,000 individuals in the first half of 2024, we continued to progress in Q3. An additional 29,122 Lagosians have enrolled in the Basic Health Care Provision Fund (BHCPF) through EKOSHA's efforts.

The BHCPF program plays a crucial role in ensuring that underserved communities in Lagos have access to essential healthcare services. By registering vulnerable residents, EKOSHA is helping to bridge the healthcare gap and fulfill our collective responsibility to safeguard the health and well-being of all Lagosians.

EKOSHA remains committed to providing equitable healthcare access to vulnerable populations. Our ongoing efforts to register residents in the BHCPF program are a testament to this commitment. We will continue to work tirelessly to ensure that all Lagosians have the opportunity to benefit from this important initiative.

EKOSHA's CONTRIBUTION TO THE EKO-CARES PALLIATIVE MEDICAL OUTREACH

EKOSHA was a key player in wrapping up the first phase of the EKO-CARE palliative medical outreach program. This amazing initiative, led by Governor Babajide Sanwo-Olu, helped bring essential medical care and support to vulnerable Lagosians across the six health districts.

Even though the Cholera outbreak in some parts of the state caused a temporary pause, EKOSHA's team members worked hard to register 4,886 residents in all six districts. This meant more people could get the life-saving care they needed through the EKO-CARE program.

EKOSHA ICONS FOR Q3 2024

SPOTLIGHT ON OUR EKOSHA ICONS

EKOSHA extends its heartfelt gratitude to our esteemed sponsors who played a vital role in our success this quarter! Their generous contributions directly translate to improved healthcare access for vulnerable residents across Lagos State.

- **BIODUN COKER FOUNDATION:**
We are incredibly grateful to Abiodun Coker Foundation for sponsoring 1,000 beneficiaries on the EKOSHA Health Plan in Q3. Your compassion and commitment to healthcare equity empower EKOSHA to reach those most in need.

- **ARFH:**
A big thank you to the Association of Reproductive and Family Health (ARFH) for sponsoring beneficiaries on the EKOSHA Health Plan this quarter. Your support strengthens EKOSHA's ability to deliver critical healthcare services to vulnerable groups in the State.

- **CIHP:**
We're super grateful to the Center for Integrated Health Programs for sponsoring the payment of health insurance premiums for beneficiaries in Q3. Their compassion and commitment to healthcare equity empower EKOSHA to reach those most in need.

EKOSHA CROWDFUNDERS

A heartfelt thank you to our very first EKOSHA Crowdfunder, LASACO Plc. Your generous contributions will significantly impact the lives of countless individuals. We are honored to have your support in our mission to provide accessible and affordable healthcare to those in need. Your generosity will reverberate through the community for years to come.

Help vulnerable Lagosians get healthcare!

Sponsor health insurance: 3 ways:

Adopt: Pay premiums for someone in need.

Donate: Help us reach our fundraising goals.

Attend events: Support activities or donate supplies.

EKOSHA TOWN HALL MEETING: A COMMUNITY-DRIVEN SUCCESS!

The recent EKOSHA Town Hall Meeting was a vibrant gathering of Lagosians united by a shared passion for improving healthcare access in our city. The event took place across the 5 IBILE division of Lagos in August, creating a platform for residents to learn, ask questions, share their concerns, and connect with like-minded individuals.

KEY HIGHLIGHTS:

- Engaging Discussions: EKOSHA experts delivered informative presentations, sparking lively discussions among attendees.
- Open Dialogue: Participants shared their thoughts and ideas, creating a space for open dialogue and collaboration.
- Valuable Feedback: Attendees provided invaluable feedback on EKOSHA's programs, helping us identify areas for improvement and growth.
- Community Spirit: The event showcased a strong sense of community and shared commitment to a healthier Lagos.

We are grateful to everyone who attended the town hall meeting. Your participation and feedback are essential in shaping the future of EKOSHA.

Stay tuned for updates on our upcoming events and initiatives!

EKOSHA SUSTAINABILITY PLAN: A COMMUNITY OF ACHIEVERS

EKOSHA's mission is to empower vulnerable Lagosians, and we've made significant strides in achieving this goal. By enrolling thousands of residents in the ILERA-EKO health insurance plan, we've provided them with access to quality healthcare.

We're not just about healthcare. We're committed to empowering our beneficiaries to reach their full potential by providing training on basic skills like tailoring, baking, and more to help them grow out of poverty.

To further our mission, we've partnered with the Ministry of Women Affairs and Poverty Alleviation to provide training for over 1,300 individuals in various skill acquisition programs. Our recent Town Hall Meeting was truly inspiring. We saw firsthand the incredible progress our graduates have made. These individuals are now equipped with the necessary tools to secure employment and improve their lives. This is what sustainability looks like! We're creating a ripple effect that will benefit future generations by empowering our beneficiaries. Helping the vulnerable residents evolve into Ilera-Slip paying enrollees over a year to give room to accommodate more vulnerable indigents with allocated funds is an important area of focus.

By demonstrating the effectiveness of our sustainability efforts, we aim to attract additional funding and partnerships to expand our impact. We believe that empowering individuals can create a more resilient and prosperous Lagos.

EKOSHA STRENGTHENS PARTNERSHIP WITH LGA/LCDA CHAIRMEN

LASHMA BOARD CHAIRMAN AND PS LASHMA @ THE RECENT LGA/LCDA RETREAT

We're thrilled to share the success of our recent 2-day retreat with Lagos State LGA/LCDA Chairmen, organized in collaboration with the House Committee on Health Services, LASHMA, and the USAID-funded Local Health System Sustainability Project.

We're excited about the positive outcomes of this collaboration which led to the following resolution and recommendations for LGA/LCDA Chairmen to purchase ILERA EKO plans for vulnerable members of their communities to support the provision of equitable care, appropriate for equity funds to ensure project sustainability, broaden the scope of services that PHC personnel can render in each LGA/LCDA, engage and leverage CDA/CDC members as ILERA EKO Champions to increase ILERA EKO uptake in all LGAs/LCDAs and to drive awareness and uptake of ILERA EKO in their communities.
